

Happy St. Patrick's Day!

Spring is Coming!

From Our
Franky Frog
3 Year Old Class

March 1, 2020

Dear Parents,

Love was in the air this past month in preschool! February was filled with plenty of love and things to create. I enjoyed everyone's creativity with their valentine boxes! Many valentines were made for each other in the art center. Our pretend center was turned into a flower shop, post office, dental office and a veterinarian's office! Thank you to those who brought their pets by to visit us during our "Love Our Pets" unit! This brought much excitement to our morning. Also, we had a great time with Dr. Simpson last week. He spoke to us about how to brush our teeth and the importance of eating healthy.

This month we will start the month off celebrating Dr. Seuss! We have plenty of silly classroom activities planned. Then we will move into our "Wild Weather" and "Nursery Rhymes" units. Our March "fun"amentals are: Letter Sound/Recognition for letters U, K & S, number 8, Color Gray, Star shape, ABBC pattern and Character Development - Truthfulness. On March 16th we will all try to wear Green as we celebrate St. Patrick's Day a little early. There may be a bit of mischief going on that day! Please be sure to check our calendar for all the upcoming special dates. This is a busy month as we have themed Dr. Seuss days, picture day, St. Patrick's Day and Donuts with Dad. It's going to be a fun month in preschool! I also wanted to let everyone know that we will have two new students in our class starting Monday. Please welcome Gehrig and Aiden to our class! Gehrig's sister, Nancy is in the 4 year old class.

As always, please let me know if you have any questions or concerns. Hope you all have a fantastic month!

Warmly,

Kristi Gibbons
